Inter-American Association of Sanitary and Environmental Engineering

MESSAGE FROM THE PRESIDENT

Dear Partners of the National Chapters of AIDIS and friends of the Association:

The signing of the agreement between the Peruvian Association of Sanitary and Environmental Engineering and AIDIS has been formalized, to carry out the XXXIX Congress of AIDIS whose motto is: "Responsible Management of Resources for a Sustainable Planet - The role of Sanitary and Environmental Engineering", which will be held at the Lima Convention Center, Peru, between November 26 and 29, 2024.

The call to present technical works at the Congress has been simultaneously opened by the Technical Committee that is a member of the Congress Organizing Committee, hoping to have a large presentation of them by professionals interested in having their works exhibited.

Likewise, the Pan American Health Organization (PAHO) has made progress in organizing the PAHO-AIDIS Symposium "Water, Sanitation and Hygiene, Health and Equity: Key elements for the fulfillment of the 2030 Agenda", which will be held prior to the Congress.

Discussions are in advanced stages for participation in Round Tables of specialists from the Inter-American Development Bank, the World Bank and CAF, Development Bank of Latin America; that will present the plans of multilateral credit organizations to support the achievement of the Sustainable Development Goals for 2030, in the Americas.

Likewise, the participation of AIDIS in the recent IFAT Brazil Exhibition, in São Paulo, as well as in the founding of the Latin American Water Council in Bali, Indonesia, highlight the important international presence in the most important forums that AIDIS is achieving, with its permanent acting since 1948, supporting improvements in the health and human well-being on the planet, through the practice of Health and Environmental Engineering, and working in a network, as a renowned and prestigious NGO for its long years of efforts for the sake of health and the environment of the Americas, with all the agencies of the United Nations system and related organizations that strive for such purposes.

Until the next edition!

Eng. José Luis Inglese

NEWS

PRESENTATION IN LIMA OF THE XXXIX INTER-AMERICAN CONGRESS OF AIDIS 2024 AND PAHO/WHO REGIONAL SYMPOSIUM

On April 17, the presentation of the XXXIX Inter-American Congress of AIDIS Peru 2024 and PAHO/WHO Regional Symposium was held.

In this presentation, Dr. Maureen Elizabeth Birmingham, representative of PAHO/WHO Peru, made a presentation; Engineer José Luis Inglese, President of AIDIS; Engineer Carlos Silvestri Somontes, President of the Organizing Committee; Engineer Marcos Alegre, Vice President of the Organizing Committee; Engineer Eduardo Ortiz, PAHO/WHO PHE; Engineer María Fernanda García, International Consultant; Engineer Jorge Guzmán Páucar, International Consultant; Engineer Cristian Gutiérrez, Consultant; Engineer Miguel Yancán Torres, Director of the OTASS Operations Division; and Dr. Jorge Gómez Reátegui, President of the Board of Directors of SEDAPAL.

AIDIS AT IFAT BRAZIL

IFAT Brazil, International Fair for Water, Sanitation, Drainage and Waste Recovery Solutions, was held in São Paulo from April 24 to 26.

AIDIS Interamericana was present at the Event with the panel “Panorama do Saneamento na América Latina”, on April 25 from 5 to 8 p.m. The panel was moderated by Dr. Paulo Robinson Da Silva Samuel, Treasurer of AIDIS Interamericana and President of ABES Rio Grande Do Sul and presented by Eng. Juan Martin Koutoudjian, Technical Vice President of AIDIS Argentina; Eng. Marcos Alegre Chang, Director of the Solid Waste Technical Division of AIDIS Peru; Eng. Ronald Baldivieso, President of ABIS Bolivia and Eng. Felipe Meza of AIDIS Chile.

This fair is an important example in Latin America of innovation and environmental solutions.

NEWS

1ST INTERNATIONAL CONGRESS OF SOLID WASTE - ABES BRASIL

Under the theme "Sustainable Solid Waste Management: Building Smart Cities", the first edition took place from May 7 to 9 in the city of São Paulo, Brazil.

The Congress was held in a hybrid format. In person, at the São Paulo School of Sociology and Politics Foundation (FESPSP) and online, on an exclusive platform.

Promoted by the Brazilian Association of Sanitary and Environmental Engineering (ABES), the Brazilian chapter of AIDIS, through its Solid Waste Thematic Chamber, the initiative is the combination of two different events: the 16th National Solid Waste Seminar and the IV Symposium International Health Waste.

EVENTS AND TRAININGS

BRAZIL WATER WEEK 2024 ONLINE

Brazilian Water Week will take place from June 3 to 7, 2024 exclusively online.

Promoted by the Brazilian Association of Sanitary and Environmental Engineering (ABES), it will be the fourth edition of this international discussion meeting, with the theme Water and Sanitation for Sustainable Development, after the RIO WATER WEEK, in 2018, and the editions of BWW, in 2020 and 2022.

BWW is the most important event held in Brazil and enables an important exchange of experiences, bringing relevant knowledge from other realities and also allows the international dissemination of Brazilian best practices.

EVENTS AND TRAININGS

XXII ARGENTINE CONGRESS OF SANITARY AND ENVIRONMENTAL ENGINEERING – XI CONGRESS – REGION IV OF AIDIS

From June 12 to 14, the XXII Congress of Sanitary and Environmental Engineering and the XI Congress of Region IV of Aidis will be held in Rosario, Santa Fé, Argentina.

Within the framework of these Congresses, FITMA, the International Technology and Environment Fair, and the XI Sanitary Olympics will be held, a competition for operators according to WEF (Water Environmental Federation – USA) standards to reward the winning team of utilities from the water and sanitation companies that participate, with a trip to the United States to represent Argentina.

The call to present technical works was open until May 15.

For more information, consult <http://congresosaidis.com> and for technical work atribajostecnicos@aidisar.com

IWA WORLD WATER CONGRESS & EXHIBITION – CANADA

The next World Water Congress of the International Water Association will be held from August 11 to 15 in Toronto, Canada, co-organized by the Canadian Water and Wastewater Association and the Canadian Water Quality Association.

A unique opportunity to exchange with professionals from around the world about the challenges and innovations of the sector and to approach Canadian organizations and companies to identify opportunities for technical, academic and commercial collaboration. The collaboration policy in Latin America between the IWA and AIDIS stands out.

EVENTS AND TRAININGS

XXXIX INTER-AMERICAN CONGRESS OF SANITARY AND ENVIRONMENTAL ENGINEERING IN LIMA

The Scientific Committee of AIDIS and APIS calls on the academic, industrial, business and government sectors to present their research and technical work at the XXXIX Inter-American Congress of Sanitary and Environmental Engineering, which will take place from November 26 to 29, 2024 at the Center for Lima Conventions, Peru.

The Congress will call for the presentation of works in three main areas:

- Achievements and challenges in Latin America in the urban and rural sector. Models of organization, design and construction of services.

- Efficient management and sustainability of services.
- Climate change and actions to reduce greenhouse gases.

The call to present technical works is open until June 30. To contact, write to:
